PUBLIC RECORDS REQUEST PROCEDURE

Public Record Defined

Oregon law states that every person has a right to inspect any non-exempt public record and defines a "public record" as any information that: Is prepared, owned, used or retained by a public body; Relates to an activity, transaction or function of the public body; Is necessary to satisfy the fiscal, legal, administrative or historical policies, requirements or needs of the public body, regardless of the physical form of characteristics.

Records which are not available for public access include:

- Public employee addresses, Social Security numbers, birth dates and telephone numbers, and personal privacy information that would constitute an unreasonable invasion of privacy.
- Investigatory information compiled for criminal law purposes.
- Records of a public body pertaining to litigation to which the public body is a party if the complaint has been filed, or if the complaint has not been filed, if the public body shows that such litigation is reasonably likely to occur.
- Information relating to the appraisal of real estate prior to its acquisition.
- Records which can be defined as exempt under ORS 192.501 and ORS 192.502.

 2. Water or sewer system plans showing the location of distribution and collection mains; water transmission mains.
- C. The City Recorder shall review the Public Records Request Form and will respond to the requestor within five (5) business days with an acknowledgement of receipt advising the requestor if

 2. The City is not the custodian of the requested record; or
 3. The City is uncertain whether it is the custodian of the requested record
- D. Once the acknowledgement has been sent, the City has ten (10) business days to
 1. Complete its response to the public records request; or
 2. Provide a written statement that the public body is still processing the request and a reasonable estimated date by which the public body expects to complete its response based on the information currently available
- E. The City Recorder will then forward the request to the appropriate department. The City Recorder may confer with department staff to determine the appropriate referral department, and whether multiple referrals are appropriate.
- F. Once a calculation of estimated costs has been completed, the City Recorder will notify the requestor of the estimate (if greater than \$25, the estimate will be made *in writing*).
- G. The 10-day clock is suspended until the requestor approves and pays the estimated costs; all effort to fulfill the request will suspend until approval and payment are received.
- H. Upon approval and payment, the 10-day clock resumes with the balance of remaining days to fulfill the request.
- I. Department Directors shall be responsible for fulfilling the public records request and may contact the requesting party for clarification of the request if needed.
